

Oil Well Rate

GLACIER ELECTRIC COOPERATIVE, INC
BOX 2090, CUT BANK, MONTANA 59427

EFFECTIVE: October 1, 2013

RATE 15: OILWELLS

AVAILABILITY:

Oil well rate is available to all oil wells for light, heat and power. Rate is subject to the rules and regulations of the Cooperative.

TYPE OF SERVICE:

Single and three-phase service where available, at available secondary voltages. Motors in excess of 10 HP must be three-phase unless approved by the Cooperative. Motors in excess of 50 HP must be "soft-start" motors. Installations with Variable Speed and Frequency Drives will be required to have filters to maintain power quality.

RATE 14 - BASE AND ENERGY CHARGES:

Monthly Base Charge:	\$33.00
KVA Charge:	\$1.75/kVA
KWH Charge:	\$0.058/kWh

POWER FACTOR ADJUSTMENT:

The consumer agrees to maintain unity power factor as nearly as practicable. KVA charges may be adjusted to correct for average power factors lower than 95%.
